Research participants are needed for a study testing simple mathematics or physics problems in different conditions. You must be at least 18 years of age, must be in a STEM field (Science, Technology, Engineering and Mathematics), and you should have normal eyesight or corrected eyesight (with glasses or contact lenses). If you use a pacemaker or have a history of seizures you are not eligible to participate in this study.

$10 in compensation will be given to participants.

If you are interested in participating in an experiment, please contact the principal investigator, Euijung Yang. The study will involve solving simple mathematics or physics problems by using computer. The entire experiment will take place in one session lasting no longer than two hours. Your participation is greatly appreciated.

Principle Investigator: Euijung Yang, eui@iastate.edu

Faculty Supervisor: Dr. Michael Dorneich

Adaptive Cognitive Systems Laboratory (ACSL)
Industrial and Manufacturing Systems Engineering
