

“Perfect Pitch” 90-second Research Presentations

*“So, what kind of
research do you do?”*

Chemical engineering doctoral track students will have 90 seconds to answer that question with the aid of one Power Point slide and explain:

- What is the real-life problem you are addressing?
- How does your approach uniquely solve the problem?
- What is the potential impact if your research is successful?

Peers and panel of judges will rate presentations.

Cash prizes offered. Winners will be invited to represent the department in “3-Minute Thesis” competition.

Undergraduate CBE students invited to attend to observe

Thursdays,

February 15 & 22,
2018

11:00 a.m.

1213 Hoover

The Graduate Seminar Series events are part of the required curriculum for chemical engineering graduate students, but open to all Iowa State University graduate students, post-doctoral researchers, scientists, faculty and staff. See the full seminar schedule at cbe.iastate.edu/seminar-series/
